About Me

Hi, I'm Preethi, a Python Developer Intern passionate about building desktop and web applications. I enjoy solving real-world problems using Python and its powerful libraries like Django and Tkinter.

Skills

Python

Django

Tkinter

HTML

CSS

JSON

CSV

REST APIs

Git

VS Code

My Projects

Automated File Organizer

A Tkinter GUI app that organizes virtual files into categories. Saves data using JSON.

Python • Tkinter • JSON

Weather App

A CLI app that fetches real-time weather and 3-day forecast using Open-Meteo API. No API key needed.

Python • requests • JSON • API

Expense Tracker

A Tkinter GUI app to track daily expenses with category filters, bar chart summary and CSV/JSON export.

Python • Tkinter • CSV • JSON

using JSON.

Python • Tkinter • JSON

Python • requests • JSON • API

Python • Tkinter • CSV • JSON

Portfolio Website

A personal portfolio website built with Django showing all internship projects, skills and contact info.

Python • Django • HTML • CSS
